Once a Nurse, Always a Nurse
Monday at 10 AM Pacific
July 30th 2018: Burnout: The Flood of People Leaving Nursing

Nearly every nurse has experienced periods of Burnout. For some of us, it was mental or emotional. For others, it also includes physical and spiritual decline. But who is talking about this issue and what can be done about it? My guest today, Len Robinson, does more than just talk about it. He has written a Whitepaper on the subject and is actively working to teach healthcare leadership what's involved in the development of disengagement and burnout and what it will take to change it. Please join us on Monday, July 30th at 10 AM PDT.
