The buzz: "Agility has become arguably the most critical attribute a company needs to remain competitive and relevant" (Tony Klimas, EY). It's almost 2020 and your same-old business structures, models and processes will not sustain you anymore. Are you dreaming of an efficient, agile Finance organization that delivers sustainable business value through real-time data insights, reduced operations cost and innovation? Wake up! You can build it with functionality-rich next-gen technologies like Machine Learning, RPA, Data Intelligence and Blockchain. The experts speak. Samir Jaipati, EY: "Change
